**RE: INCREASE IN CAFETERIA LUNCH PRICES**

Dear Parents:

The Millbrae School District is dedicated to the well being of our students and to provide a nutritious healthy food program. Research shows that good nutrition is linked to better behavior and academic performance in schools.

To offset increases in cafeteria operational costs and the reduction in State food subsidies, the Millbrae School District will be raising meal prices for the middle school students in 2010-2011. Beginning Monday, August 30, 2010, the middle school breakfast meal price will increase from \$1.25 to \$1.50 and the middle school lunch meal price will increase from \$2.75 to \$3.00. The Board of Trustees approved the meal price increase of \$.25 at the July 12<sup>th</sup> Board meeting. As always, free and reduced price meals will be available to those who qualify.

Sincerely,

Cynthia Shieh  
Chief Business Official
