Monday through Friday, November 16-20, 2009

STAFF: The Site Director and naturalists are especially skilled at providing a successful learning experience. Classroom teachers from your child's school attend and serve as a link between school and home.

ACCOMMODATIONS: Students live in heated cabins with bunk beds. The YMCA staff prepares well-balanced meals which are served family style. Special diets, for medical reasons, should be noted on the REGISTRATION FORM and discussed with the Site Director, (650) 747-0414, one week prior to attendance.

COMMUNICATION:

PHONE: There are no phones available for students, so please do NOT ask your child to call you or expect to reach him or her by phone. For emergencies, you may call (650) 747-0414. In case of an emergency at the site, the Site Director will contact you.

VISITS: To have parents visit might detract from the positive development of self-reliance and might impose a burden on those children who cannot have a parent visit. We ask that you do NOT visit your child while he/she is attending Outdoor Education.

MAIL: Your child will look forward to a letter from you. Letters should be written EARLY to assure that they arrive BEFORE your child leaves. The address is –
