November 2011

Dear Parents and Guardians of the Millbrae School District,

**THANK YOU** for your generous support to the approval of **Measure N!** Your support to Measure N is an investment to our children as our future leaders, and to the community of this great city. We are so grateful for your faith in our work in leading our children into 21<sup>st</sup> Century learning and preparation for higher education and career. A 21st Century educational system is responsive to the challenges and demands our students will face in the future. Measure N will support our efforts by continuing the work of modernizing and renovating our schools and classrooms. In addition, every student in the Millbrae School District will benefit from a new cafeteria at Taylor Middle School. We are committed to keeping our community informed throughout this process.

November 14 – 23, 2011 is designated for **Elementary School Parent Conferences**. We are looking forward to this opportunity to take a moment to talk about your child's progress and setting learning goals for this school year. In past years the report card has been a large focus of the Parent Conference time. This year we will be focusing our conference time on a more individualized basis by specifically identifying strengths and areas of focus for your child and setting learning goals to assist your child in moving ahead on the grade level content standards. This is also the time to ask questions and work together with your teacher to support your child's learning.

The end of our first trimester is November 23, 2011. The **report cards** for first trimester will be distributed at all schools on Friday, December 2, 2011 so that teachers have the time to assess student learning right up to the end of the trimester and then generate meaningful feedback on the report cards.

The entire district continues to work hard in providing a rigorous, meaningful education for all our students. **Thank you for your support** to our teachers, principals, staff, Parent Teacher Association, and Millbrae Education Foundation. Together, our efforts will continue to make a difference for our children.

Sincerely,

Linda C. Luna, Superintendent
