

## **ATTENTION!!**

Effective 10/8/10, we will no longer sell meal tickets. Our new computerized NutriKids POS system will now process all meal prepayments. For prepayments on your child's account, students may continue to make cash or check prepayments during morning recess (any day). Parents may also make a prepayment online through our website

[www.millbraeschooldistrict.org](http://www.millbraeschooldistrict.org). You will see a link for My NutriKids. You must set up an account first to process your payment (instructions were sent out last week). You may also pay online directly through [www.mynutrikids.com](http://www.mynutrikids.com)

All payments (cash, check or online) will go into your child's prepayment account which is used for breakfast, lunch and/or a la carte purchases. If you have been approved for FREE breakfast and lunch meals, your account will be set up automatically (not including a la carte).

## **IMPORTANT!!**

If your child has a meal ticket with meals still available when we begin our new NutriKids POS System on 10/13/10, he/she **MUST** use up his/her ticket first before we begin deducting meal prices from your prepaid account.

Thank you, Food Services
