## Individualized Education Program Teams

That Support Student Participation in the CAASPP System

The California Assessment of Student Performance and Progress (CAASPP) System includes required assessments in English language arts/literacy (ELA), mathematics, and science, and is designed for all students, including students with disabilities. For ELA and mathematics, students with disabilities may participate in either the Smarter Balanced Summative Assessment or the California Alternate Assessment (CAA). For science, students with disabilities may participate in either the California Science Test (CAST) or the CAA for Science.

### ELA and Mathematics Assessments

### Science Assessments

The following resources will assist individualized education program (IEP) teams in making informed decisions about student participation in the CAASPP System and about the assignment of accessibility resources that will allow students to demonstrate what they know and are able to do during classroom instruction and on the assessments.

### Identifying the Correct Assessment for Students

The first consideration for an IEP team is to evaluate which assessment is most appropriate for the student based on the student's individual learning needs.

- **Assessment Fact Sheets**  
Key information (what, why, who, how, and when) about each assessment program.  
<https://www.cde.ca.gov/ta/tg/ca/assessmentfactsheets.asp>
- **CAA Guidance For IEP Teams**  
Detailed description of the CAA and specific guidance to determine whether the CAA is the appropriate assessment for an individual student.  
<https://www.cde.ca.gov/ta/tg/ca/caaiepteamrev.asp>
- **Participation Worksheet**  
Official document completed by the IEP team designating the CAA as the appropriate assessment for an individual student.

## Identifying Appropriate Accessibility Resources for Students

After the IEP team has made a decision on the appropriate assessment for each student, the next consideration involves the selection of appropriate accessibility resources based on individual student needs.
