

COMMUNITY SERVICE

together we can change the world

We firmly believe in the importance of giving back and being actively engaged in our community.

We define community service as selflessly contributing to the betterment of our school or extended community driven out of the genuine desire to be helpful.

We have observed that students derive satisfaction from assisting others and gaining valuable insights from these experiences.

We believe that volunteering can significantly enhance mental well-being.

All students are encouraged to participate in at least 10 hours of community service each year.

HOW TO GET STARTED

Supervised community service opportunities will be displayed in both, the...

- B-hall
- Gym Lobby

for faculty and staff projects or setups.

Additionally, it will be announced on KTLR

VOLUNTEER IDEAS

- Tutoring younger students under supervision
- Assisting teachers with classroom tasks before school, recess, lunch, or after school.
- Participate in Campus Beautification projects, such as gardening or cleaning campus.
- Outside of school with friends and family
 - Beach clean up
 - Community clean up
 - Habitat restoration

LOG YOUR TIME

Each time a student engages in a community service activity they record their participation in our [Community Service Log](#). This log includes details such as:

- Student name
- The nature of the service
- Hours contributed
- Supervisor information
- And a brief description provided by the student about the service.
