

Digital Citizenship & Safety Initiative 2025-2026

The Millbrae Elementary School District is here to support students, families, and staff in navigating the digital world safely and responsibly. We focus on three key areas to help our community thrive online:

Relationships & Communication:

Students learn to build positive connections and express themselves clearly and kindly online.

Healthy Boundaries & Habits

We teach students to manage screen time, protect privacy, and make mindful digital choices.

Empathy Online:

Students explore how to support others, prevent harm and create a caring online community.

School-Specific Initiatives

Lomita Park Elementary

- Students are introduced to lessons so they can behave and communicate in a kind manner.
- Students are taught how to interact respectfully and responsibly in digital spaces, fostering the community we see on campus.

Green Hills Elementary

- Students learn how to balance their time on screen
- Students learn how to be responsible digital learners (finding accurate info, distinguishing true/false, and citing sources)

Taylor Middle School

- Students build character skills and learn how to stay safe online.
- We aim to support students, families, and teachers in developing healthy digital habits and strong social-emotional skills.

Meadows Elementary

- Students deepen their understanding of online responsibilities, including how to maintain their privacy online

Spring Valley Elementary

- Students learn how to manage online distractions
- Students learn how to communicate appropriately on different platforms
- Students learn how to address issues when using social media
