

Digital Citizenship & Safety Initiative

The Millbrae Elementary School District is here to support students, families, and staff in navigating the digital world safely and responsibly. We focus on three key areas to help our community thrive online:

Staying Safe Online:

We teach students to identify trustworthy websites, protect private information, and avoid everyday online risks.

Being Respectful and Responsible:

Students learn how online actions affect themselves and others, with lessons on communicating respectfully in digital spaces.

Managing Social Media and Devices:

We address challenges like cyberbullying, plagiarism, and over-sharing.

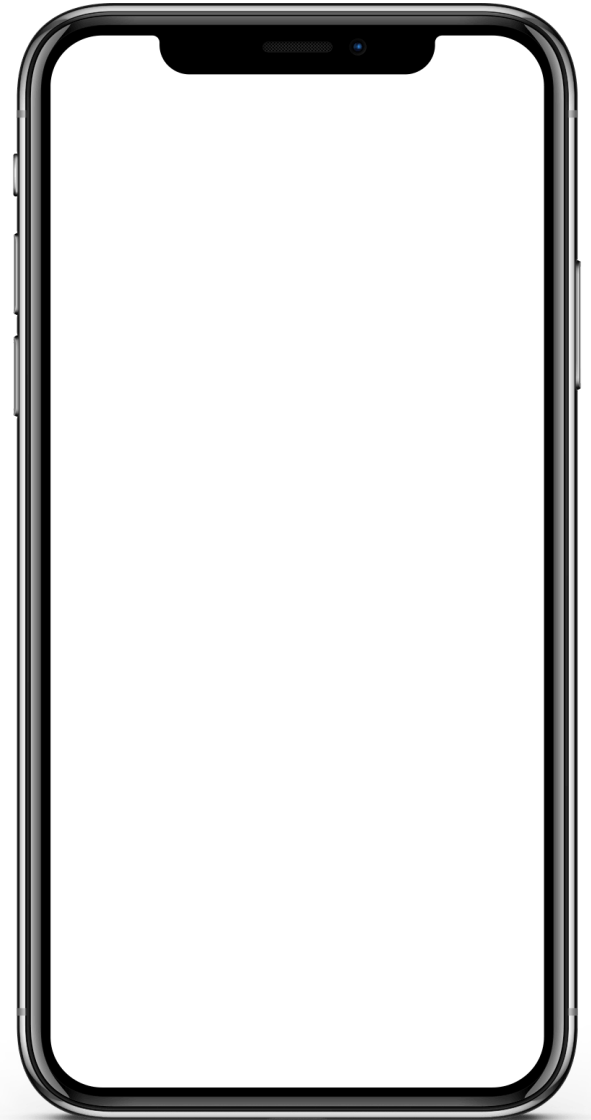

School-Specific Initiatives

Lomita Park Elementary <ul style="list-style-type: none">Students learn to research on approved websites, avoid plagiarism, and communicate respectfully onlineParent resources focus on social media safety and keeping privacy tips	Meadows Elementary <ul style="list-style-type: none">Students will learn online responsibilities, including privacy and respectful communicationParent workshops cover managing devices and understanding technology's impact on children	Taylor Middle School <ul style="list-style-type: none">Students will learn about rules and how to self-regulate over Chromebook use in classParent communication for misuse of phones in school
