

School Plan for Student Achievement (SPSA)

| School Name | County-District-School (CDS) Code | Schoolsite Council (SSC) Approval Date | Local Board Approval Date |
|---------------------------------|-----------------------------------|--|---------------------------|
| Spring Valley Elementary School | 41 68973 6044259 | April 18, 2025 | May 6, 2025 |

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Spring Valley Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Spring Valley Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Federal, state and local funds are used to improve and support staff members including teachers and principals through induction services. To ensure English learners attain English Proficiency and develop high levels of academic attain to meet academic standards, we will provide a specialized English Language Development tutor under the direction of the ELD Coordinator. This will support teachers both in and outside the classroom. This will be paired with our PBIS program to help address the needs from our Local and Accountability Plan.

Educational Partner Involvement

How, when, and with whom did Spring Valley Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Our School Site Council consists of parents, teachers and staff who provide input to the plan from their various perspectives. Suggestions and recommendations are also obtained at monthly PTA leadership and general meetings, with both parents, teachers and staff in attendance. Staff will participate in monthly staff meetings and designated grade level collaboration times. Parents and staff also participate in various outside school hours committees that contribute to the plan. Teachers were surveyed specifically on strategies to improve attendance, reading levels and English learner progress and the suggestions were incorporated into our plan. The usual monthly principal's coffee has been held weekly during distance learning to increase opportunities for families to check in and provide feedback. The weekly newsletter to staff and families also offers opportunities for stakeholders to be heard. Parents often respond with suggestions and ideas that have been considered in the plan as well. The California Healthy Kids Survey (CHKS) along with other surveys offered on a school and district level were completed by parents, teachers and staff. Students voices are included via various surveys including the CHKS survey and informal interviews. The CHKS survey provided valuable feedback around student involvement and academic progress that was incorporated into our goals.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

An instructional aide provides daily incremental services to kindergarten students, with limited support provided to first grade students and no extra support for grades two through five. The reading teacher provides service for all students reading below grade level and struggling. Professional Development needed in the area of teacher differentiation and guided reading to move students to reading at grade level. Our ELD aide is now shared between two schools.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Spring Valley Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

| Student Enrollment by Subgroup | | | | | | |
|--------------------------------|-----------------------|--------|--------|--------------------|-------|-------|
| Student Group | Percent of Enrollment | | | Number of Students | | |
| | 21-22 | 22-23 | 23-24 | 21-22 | 22-23 | 23-24 |
| American Indian | % | 0% | % | 0 | 0 | |
| African American | 0.25% | 0.27% | 0.26% | 1 | 1 | 1 |
| Asian | 60.61% | 59.73% | 57.59% | 240 | 224 | 220 |
| Filipino | 3.79% | 3.73% | 4.45% | 15 | 14 | 17 |
| Hispanic/Latino | 11.11% | 12.27% | 11.78% | 44 | 46 | 45 |
| Pacific Islander | 0.51% | 1.07% | 1.31% | 2 | 4 | 5 |
| White | 11.11% | 10.4% | 12.30% | 44 | 39 | 47 |
| Two or More Races | 12.37% | 12.27% | 12.04% | 49 | 46 | 46 |
| Not Reported | 0.25% | 0.27% | 0.26% | 1 | 1 | |
| Total Enrollment | | | | 396 | 375 | 382 |

Enrollment By Grade Level

| Student Enrollment by Grade Level | | | |
|-----------------------------------|--------------------|-------|-------|
| Grade | Number of Students | | |
| | 21-22 | 22-23 | 23-24 |
| Kindergarten | 58 | 46 | 50 |
| Grade 1 | 57 | 64 | 45 |
| Grade 2 | 67 | 59 | 66 |
| Grade 3 | 69 | 68 | 57 |
| Grade 4 | 74 | 67 | 68 |
| Grade 5 | 71 | 71 | 74 |
| Total Enrollment | 396 | 375 | 382 |

Conclusions based on this data:

1. Our demographics and enrollment have remained relatively stable over the last several years.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

| English Learner (EL) Enrollment | | | | | | |
|---|--------------------|-------|-------|---------------------|-------|-------|
| Student Group | Number of Students | | | Percent of Students | | |
| | 21-22 | 22-23 | 23-24 | 21-22 | 22-23 | 23-24 |
| English Learners | 88 | 60 | 63 | 21.5% | 22.2% | 16.5% |
| Fluent English Proficient (FEP) | 96 | 111 | 96 | 24.2% | 24.2% | 25.1% |
| Reclassified Fluent English Proficient (RFEP) | | | | 46.1% | | |

Conclusions based on this data:

1. The number of English Learners has remained relatively consistent, although the number has decreased slightly.
2. The percentage of English Learners is between 20% and 25%.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. From the year to year, about 80% of our students are "at or above" grade level with ELA.
2. Participation rate consistently remains at over 97%
3. Between 10% and 15% of our students still struggle in all areas of reading, writing and listening.

Conclusions based on this data:

1. About 85% of our population is "At or Above" standards with overall mathematics.
2. About 13% of our students struggle with mathematics
3. 5th grade has seen an overall increase of students who struggle in math.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. Overall, 15% of our student population are identified to be struggling in ELA.
2. There is almost a 30% increase of students who are "somewhat/moderate" in their writing
3. In 2022 we received a higher number of newcomers which is apart of the beginners percentage.

School and Student Performance Data

Student Population

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

| 2023-24 Student Population | | | |
|---|--|--|---|
| Total Enrollment | Socioeconomically Disadvantaged | English Learners | Foster Youth |
| 382 | 19.9% | 16.5% | 0.0% |
| Total Number of Students enrolled in Spring Valley Elementary School. | Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma. | Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses. | Students whose well being is the responsibility of a court. |

| 2023-24 Enrollment for All Students/Student Group | | |
|---|-------|------------|
| Student Group | Total | Percentage |
| English Learners | 63 | 16.5% |
| Foster Youth | 0 | 0.0% |
| Homeless | 0 | 0.0% |
| Socioeconomically Disadvantaged | 76 | 19.9% |
| Students with Disabilities | 23 | 6% |

| Enrollment by Race/Ethnicity | | |
|------------------------------|-------|------------|
| Student Group | Total | Percentage |
| African American | 1 | 0.3% |
| American Indian | 0 | 0.0% |
| Asian | 220 | 57.6% |
| Filipino | 17 | 4.5% |
| Hispanic | 45 | 11.8% |
| Two or More Races | 46 | 12% |
| Pacific Islander | 5 | 1.3% |
| White | 47 | 12.3% |

Conclusions based on this data:

- English learners make up 22% of our student population.

2. Our Asian students make up a significant portion of our population.
3. We have a relatively small percentage of students that fall under the socioeconomically disadvantaged but it has increased slightly over the previous year.

School and Student Performance Data

Overall Performance

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2024 Fall Dashboard Overall Performance for All Students

| Academic Performance | Academic Engagement | Conditions & Climate |
|--|--|--|
| <div>English Language Arts</div> <div></div> <div>Green</div> | <div>Chronic Absenteeism</div> <div></div> <div>Yellow</div> | <div>Suspension Rate</div> <div></div> <div>Blue</div> |
| <div>Mathematics</div> <div></div> <div>Green</div> | | |
| <div>English Learner Progress</div> <div></div> <div>Blue</div> | | |

Conclusions based on this data:

1. Overall general performance data continues to be above standard..
2. Attendance data has shown improvement of students coming to school.
3. English learning progress has increased.

| | | |
|--|---|--|
| Students with Disabilities  No Performance Color 117.6 points below standard Declined 34.3 points 15 Students | African American  No Performance Color 0 Students | American Indian  No Performance Color 0 Students |
| Asian  Green 57.3 points above standard Declined 3.7 points 118 Students | Filipino  No Performance Color 36.6 points above standard Increased 9.9 points 11 Students | Hispanic  No Performance Color 30.2 points below standard Declined 7.3 points 17 Students |
| Two or More Races  No Performance Color 17.3 points above standard Declined 50.4 points 22 Students | Pacific Islander  No Performance Color Less than 11 Students 3 Students | White  No Performance Color 17.3 points below standard Declined 60.0 points 20 Students |

Conclusions based on this data:

1. Overall students score 52% above grade level.
2. Our ELL population 23% above standard.
3. Our Asian population score consistently high.

School and Student Performance Data

Academic Performance Mathematics

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. | | | |
|--|---|---|
| Students with Disabilities  No Performance Color 104.6 points below standard Declined 30.0 points 15 Students | African American  No Performance Color 0 Students | American Indian  No Performance Color 0 Students |
| Asian  Green 61.4 points above standard Declined 7.7 points 119 Students | Filipino  No Performance Color 27.8 points above standard Declined 28.4 points 11 Students | Hispanic  No Performance Color 37.3 points below standard Declined 15.7 points 19 Students |
| Two or More Races  No Performance Color 35.6 points above standard Declined 12.3 points 22 Students | Pacific Islander  No Performance Color Less than 11 Students 3 Students | White  No Performance Color 20.0 points below standard Declined 71.0 points 21 Students |

Conclusions based on this data:

1. Overall students including English and Reclassified English learners all increased performance in math,
2. Students with disabilities increased performance in math but are still below standard.

School and Student Performance Data

Academic Performance English Learner Progress

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

| 2024 Fall Dashboard English Learner Progress Indicator | |
|---|---|
| English Learner Progress | Long-Term English Learner Progress |
|  Blue |  No Performance Color |
| 78.1% making progress. | making progress. |
| Number Students: 32 Students | Number Students: 0 Students |

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

| 2024 Fall Dashboard Student English Language Acquisition Results | | | |
|--|--|-------------------------|------------------------------------|
| Decreased One ELPI Level | Maintained ELPI Level 1, 2L, 2H, 3L, or 3H | Maintained ELPI Level 4 | Progressed At Least One ELPI Level |
| 3.1% | 18.8% | 0% | 78.1% |

Conclusions based on this data:

- Of the 37 students, 50% will progress to the next level.
- 25% of our EL students also remain the same level.

School and Student Performance Data

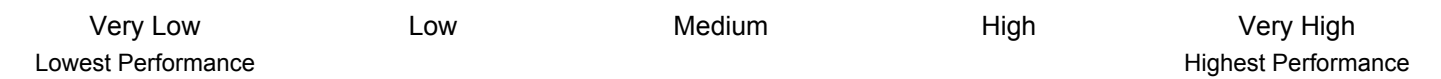

Academic Performance College/Career Report

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provided information on the percentage of high school graduates who are placed in the "Prepared" level on the College/Career Indicator.

This section provides number of student groups in each level.

Explore information on the percentage of high school graduates who are placed in the "Prepared" level on the College/Career Indicator.

| 2024 Fall Dashboard College/Career Performance for All Students/Student Group | | |
|---|------------------|---------------------------------|
| All Students | English Learners | Long-Term English Learners |
| Foster Youth | Homeless | Socioeconomically Disadvantaged |
| Students with Disabilities | African American | American Indian |
| Asian | Filipino | Hispanic |
| Two or More Races | Pacific Islander | White |

Conclusions based on this data:
1.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

| Asian  Blue 0% suspended at least one day Maintained 0% 230 Students | Filipino  No Performance Color 0% suspended at least one day Maintained 0% 17 Students | Hispanic  Blue 0% suspended at least one day Maintained 0% 55 Students |
| Two or More Races  Blue 0% suspended at least one day Maintained 0% 48 Students | Pacific Islander  No Performance Color Fewer than 11 students - data not displayed for privacy 5 Students | White  Blue 0% suspended at least one day Maintained 0% 50 Students |

Conclusions based on this data:

1. The suspension rate continues to stay low.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Curriculum and Instruction

Daily attendance for all staff and students will be celebrated, supported and monitored to optimize teaching and learning by creating a welcoming environment where staff and students feel connected

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Daily attendance for all staff and students will be celebrated, supported and monitored to optimize teaching and learning

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Chronic absenteeism puts students academically at risk. Research shows that missing 10% of a school year for any reason can lead to students having difficulty learning to read by the 3rd grade. Currently, many students and staff are absent for reasons that fall outside of excused, primarily during traveling for vacation. When students, staff and families have a strong belief in the importance of education and school attendance, that belief will help drive a stronger commitment to good attendance.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|---|---|
| Reduce unexcused absences Reduce chronic absenteeism by %% Synergy Reports Data Zone Reports California Healthy Kids Survey (CHKS) | Currently 8.5% of all students are absent 5% or more of the time. | By June 2025, stay below 10% and reduced the chronic absenteeism of our target population by 5% (Hispanic/Two or More Races). We will continue to stay below the 10% threshold through a targeted social-emotional learning (SEL) practices, positive behavioral interventions, and using positive and welcoming attendance strategies, family and community engagement, and professional development. |

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

| Strategy/ Activity # | Description | Students to be Served | Proposed Expenditures |
|-------------------------|--|-----------------------|---|
| 1.1 | Weekly monitoring of attendance reports in Synergy and Data Zone will be done by the principal and secretary to identify students needing extra support. The Student Success team will review the reports as part of student progress monitoring and collaboration with resource, speech, ELD, school psychologist, counselor, nurse and intervention support staff. The team will convene on a regular basis determined at the start of the year. They will review the attendance reports to determine what actions are appropriate to support students who are struggling with regular attendance. Students who are considered chronically absent will be regularly contacted while following the attendance protocol. They will consider how it is impacting their academic success and help develop a plan to support these students (using the MTSS model). | All Students | <p>LCFF - Supplemental 5800: Professional/Consulting Services And Operating Expenditures Collaboration time provided 8 times during the 2017-2018 school year by the district.</p> <p>LCFF - Supplemental 5800: Professional/Consulting Services And Operating Expenditures Students received coaching development during several collaboration times</p> <p>5800: Professional/Consulting Services And Operating Expenditures Continue to provided grade level release days every Trimester to create common scoring norms around writing assessments and assist in writing instruction. (Varying dates per grade level)</p> |
| 1.2 | Our PBIS/SEL team and Grade Level Teams will collaborate to identify and implement ways to recognize students who follow school wide expectations and who exemplify the character traits we promote. Students will be recognized in a variety of ways, individually and by class at monthly assemblies. Recognition could include certificates, extra recess and small material recognition such as certificates, bracelets, stickers or pencils. | All Students | <p>4000-4999: Books And Supplies ELA Adopted Materials</p> <p>Site Based Gifts and Donations 5800: Professional/Consulting Services And Operating Expenditures Staff development with 3 days of training throughout the first year of implementation. |--|--|--|---|

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

As stated above the overall implementation and effectiveness have been consistent among the staff and students. We utilize the attendance data to help identify struggling students and if there is a correlation between attendance and their school performance.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major difference is that currently the practices we implemented do not require additional spending to meet our goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We are staying below the 10% threshold. We will continue to extend our communications to our families regarding the importance of punctuality and acknowledge classes with good attendance.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Systems of Support for Student Achievement and Development

English Learners acquisition of English language and learning of the state standards will accelerator to close the achievement gap. ELD development strategies will be integrated thorough all academic subject areas for all students.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

English Learners acquisition of English language and learning of state standards will accelerator to close achievement gap.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

At Spring Valley, 20% of our student population has been consistently identified as EL over the past four years -of those the number of students reclassified is approximately 30%. A portion of our EL students are consistently remain below grade level in standardized testing. Students from various sub groups, including English Learners, especially Spanish speakers, continue to score below proficiency. In order to improve student proficiency we will build teacher capacity to provide differentiated instruction based on individual students needs around English acquisition and increase Social Emotional Learning (SEL) instruction in all areas especially in the area of cultural relevance.

School wide assessment data from the CELDT and then the ELPAC assessment suggest that the percentage of students who are reclassified at fully English proficient in four years or less continues to be very high overall, at 81.7% in 2020. This, along with other indicators, suggests that many students are responding to the targeted, small group interventions we currently have in place. Therefore, the goal is to focus on our Level 1 students and expand the practice of targeted, tiered responses to all students who do not respond to quality instruction and social emotional messaging.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|---|--|
| Weekly, monthly, quarterly, and annual program monitoring and evaluation through local and state summative assessments Monitor ED via DATA Zone Classroom Observation District Writing Assessment ELCAP/ADEPT Reclassification Data Grade Level Benchmark Assessments STAR reading and math DRA CAASPP Data for 3rd-5th Grade | 38% of students are at a Level 1 or Level 2 as emerging English Learners. | As our student population changes, by June 2025 we want to carry the 38% to 33%, so those students become Level 3 or Level 4 Learners. This will be accomplished through established common formative assessments for progress monitoring of multilingual students, initiate attendance incentives and education programs for students and families to promote positive attendance. In addition, teachers will continue to meet in their PLTs to determine best practices for serve students who identify EL. |

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

| Strategy/Activity # | Description | Students to be Served | Proposed Expenditures |
|---------------------|--|-----------------------|---|
| 2.1 | <ul style="list-style-type: none"> Provide ongoing professional development for all teachers to expand their capacity in the area of embedding best practices of language acquisition in classroom instruction and small group work. Support the district initiative to participate in subject related training, or other effective programs offered. Provide ongoing professional development for all teachers to expand their capability in the area of differentiated instruction. -Provide proper Professional Learning team collaboration time to dissect data and collaborate on instruction to reach EL students. | All | MTSS Multiple Tiers of Structure Support Collect and analyze district- and school-level summative and formative ELA and English learner data; identify students from each grade level for reading interventions and their specific literacy needs. |
| 2.2 | <ul style="list-style-type: none"> Celebrate, include and recognize the cultures and language of all families through: Culturally relevant classroom practices that include the diverse backgrounds of all students. Schoolwide events that highlight all cultures such as our annual Heritage Days, assemblies and other events Translate family communication including newsletters and important notices. | All | Select and/or develop reading intervention materials and resources; purchase supplementary instructional materials and identify benchmark assessments. Monitor reading intervention materials and resources; purchase supplementary instructional materials and benchmark assessments. |

| | | | |
|-----|--|-------------|---|
| | | | <p>Develop reading intervention program goals, service delivery models, and teaching and learning expectations and outcomes; review and evaluate district approved reading intervention programs and benchmark assessments</p> <p>Develop a master schedule that reflects allocated time for reading interventions, including English learner support</p> <p>Schedule and provide initial training for instructional staff and schedule follow up professional development activities at the school site and district levels.</p> |
| 2.3 | <ul style="list-style-type: none"> The EL aide, with oversight by the district ELD coordinator and principal, will conduct monitoring of ELL and RFEP students in core academics to ensure academic growth and share information with classroom teachers. Teachers will expand their ability to monitor student progress by collaborating with the ELD aide, utilizing DATA Zone to access assessment data and continued professional development Teachers and English Language Tutor attend ADEPT and other training to identify the areas of needed support for staff and students and to set an action plan Continue to use Imagine Learning and other research based programs to support English Language acquisition for newcomer students. | EL Students | <p>Title III</p> <p>Grade-level teams will conduct bi-weekly collaboration meetings to analyze student performance data, analyze and set student growth targets, and create action plans based on performance outcomes.</p> <p>Provide additional reading intervention for below basic, far below basic, and beginning/intermediate CELDT level students</p> <p>Monitor and evaluate reading intervention program goals and objectives; determine if goals and objectives are being met.</p> <p>Implement intervention programs for 'at risk' students, provide materials</p> |

| | | | |
|------------|---|-----|---|

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Teachers have continued to integrate EL teaching strategies into their instruction along with utilizing our EL side 2-3x a week & reading teacher.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The materials and additional aides have been provided by the district.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

For this particular goal instead of focusing on one level, we are focusing on all of the EL population as a whole and aiming to have them all move up a level.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

School Connectedness and Climate

To focus on increasing the reading level of all students.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Students' individual needs will be met through tiered academic, social/emotional, and language supports that are monitored, measured, and reviewed

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Currently, many of our struggling readers remain below grade level. We lack a solid plan for these students, especially once they reach third grade. Data from our most recent local STAR assessment in Winter 2020 shows that 25% of our third through fifth grade students are reading below grade level.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---|---|---|
| Number of students reading at grade level. DRA, STAR and other assessment data | 63% of students either met or exceed standards while 37% are either nearly met or did not meet standards. | <p>As our student population changes, by June 2025 we to increase 63% to 68% of students to meet standards.</p> <p>This will be accomplished with professional development for teachers, assessment and monitoring, including early literacy screening as part of data-driven instruction and intervention, family and community engagement including literacy events and educational workshops fostering reading outside of school hours.</p> <p>In addition, teachers will meet in their PLTs to determine common formative assessments while identifying students who are at-risk of their reading goals. From there a plan will determine to provide a correct intervention to best support those students.</p> |

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

| Strategy/ Activity # | Description | Students to be Served | Proposed Expenditures |
|-------------------------|---|-----------------------|---|
| 3.1 | <p>Spring Valley will celebrate and promote reading across the school with these methods that include but not limited to:</p> <ul style="list-style-type: none"> • Collaborate with grade level teams to put a reading a recognition program in place, such as utilizing a Accelerating Reading tool for the upper grades to measure number of books and words read. • Inviting local authors to share at an assembly. • Promote the local library resources to encourage reading. • Provide proper Professional Learning team collaboration time to dissect data and look for target students. | All Students | Continue Implementation of Spring Valley 101, a parent education initiative established the fall of 2015. Collaborate to host a series of parent information nights to give information to families about healthy eating, social emotional learning, mental health and other relevant topics. Support District initiative to take on the CCSS classes established at Spring Valley in 2015. |
| 3.2 | <p>Student Success Team Meetings take place regularly on a predetermined schedule decided at the beginning of the year. The Student Success Team will monitor student progress. The team may consist of the principal, the resource teacher, Speech and Language Teacher, Reading Intervention Teacher, ELD aide, counselor and psychologist. Appropriate team members will collaborate with grade level teams to develop interventions designed to increase student progress. .</p> <p>Also we will expand the identification, support strategies and measuring and tracking improvement for students reading below grade level, including students in grades 3-5.</p> <p>Review Progress of all students below grade level in reading. Data collection will be through through assessments, meeting notes, teacher/team collaboration</p> <p>Teams will utilize the Multi-Tiered System of Support (MTSS) model from professional development in their teaching techniques.</p> | All | Communication is provided to families about the opportunities to serve on a district level committee, DAC, DELAC, Health & Wellness Committees are district wide. |
| 3.3 | | | Initial planning for will begin at the August 2023, School Site Meeting to gather input and a volunteer to be a representative on the safety committee |

| | | | |
|------------|---|------------------------------------|--|
| | | | <p>October 1–November 30: SSC meets to identify major safety issues and review current practices</p> <p>January: SSC meets to identify potential strategies and make recommendations to site leadership</p> <p>February: school safety leadership team meets to review SSC recommendations and develop implementation plans</p> <p>March: leadership team presents to stakeholders and makes revisions, if necessary</p> |
| 3.4 | Organize and inventory leveled readers and make a plan to fund replenishing the existing stock and a system for access by the reading and classroom teachers for guided reading groups. | All students | <p>Communicate and encourage participation at all PTA sponsored family events to enhance family time together and community involvement..</p> <p>Provide support with space, scheduling, materials, as needed.</p> |
| 3.5 | The Student Success Team and the reading intervention teacher will work with grade level teams to identify: struggling readers, EL status, plan interventions and identify/implement research-based reading intervention strategies and programs that target individual literacy needs of struggling students. Teachers will use the Heggerty and ESGI for (Kindergarten, and the Development Reading Assessment (DRA) for all students in Grades 1 & 2 or as needed for students who are reading below grade level in any grade. All Teachers will use the STAR reading assessment for grades 3-5 students reading at grade level or above. The reading teacher will implement the reading intervention program and conduct ongoing evaluations to determine student progress and program outcomes and inform ongoing program needs. A targeted plan for students not making | Students Reading Below Grade Level | <p>LCFF - Supplemental</p> <p>Present a monthly principal's report at the PTA meetings to provide information of interest to parents, encourage volunteers let them know what is needed.</p> |

| | | | |
|------------|--|-----------------------|--|
| | progress within a predetermined time frame will be developed, implemented and monitored. The reading teacher will work towards collecting and analyzing district- and school-level summative and formative ELA and English learner data. | | |
| 3.6 | Kindergarten students who are below grade level in foundational reading skills will be designated for intensive reading intervention in a progressive model, beginning in leveled classroom groupings. If not improving, the Student Support Team will work with the reading specialist and teacher to develop a plan for improvement. Kindergarten teachers will support students working below grade during the afternoon after Kindergarten is dismissed in a plan developed with the administration and site principal. The participating students will be determined based on data that identifies greatest need. | Kindergarten Students | Communicate and support all events and encourage participation to enhance family and community involvement. |
| 3.7 | <p>All Teachers will differentiated instruction based on data from ongoing assessments and utilize the Wonders program's leveled readers to differentiate lessons so that material is accessible to different reading levels. Teachers will collaborate with the reading intervention teacher and/or the SST team to work with the individual students to create periodic goals for reading. Instructional aides will be utilized to support teachers in conducting targeted instruction in small groups.</p> <p>Data reviewed includes but not limited to:</p> <ul style="list-style-type: none"> Reclassification Data Grade Level Benchmark Assessments Accelerated Reading IXL - Pilot Program CAASPP Data for 3rd-5th Grade *Develop use of Data Zone to measure student progress and plan for improvement *Professional Development and training sessions on Data Zone best practices *Use grade level collaboration to analyze student progress and plan instruction *Individual teachers to be aware of each students' current levels with plans for students below grade level | All Students | <p>LCFF - Supplemental</p> <p>Hold parent coffee meetings every other month for school communication with parents and provide information about types of volunteer work in classrooms that parents can perform.</p> <p>Send out a regular report via email to all families to provide information about school activities, MEF & PTA events.</p> <p>Maintain the School Website with update scheduling and event information as well as helpful resources and tools.</p> <p>Support parent education nights, both those sponsored by the district and the PTA, to assist families with accessing resources and gaining a deeper understanding of curriculum.</p> |

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

For implementation and effectiveness of strategies, the staff continues with consistent practices from year to year while adjusting reading goals for each particular student.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major difference is that we use the curriculum and programs provided by the district.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We implemented a book of the month where admin will character trait book to each class to encouraging reading at all levels. For grade levels 3rd through 5th, they will receive certificates for meeting their reading goal.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 4

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|------------------|-------------------------|------------------|

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 1 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members

| Name of Members | Role |
|------------------|----------------------------|
| Gordon Hwee | Principal |
| Fanny Lam | Classroom Teacher |
| Barbara Wong | Other School Staff |
| Andrew Generalao | Parent or Community Member |
| Barbara Fornesi | Other School Staff |
| Eileen Ring | Parent or Community Member |
| Yuka Ichijo | Parent or Community Member |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 2-9-23.

Attested:

Principal, Gordon Hwee on 2-9-24

SSC Chairperson, Andrew Generalao on 2-9-24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations* (34 *CFR*), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
