2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Taylor Middle School is located in the suburban community of Millbrae in San Mateo County. Consisting of roughly three square miles, Millbrae has a small neighborhood feel yet enjoys a diverse population. To the northeast is San Francisco International Airport and to the northwest is San Bruno. To the south, Millbrae is bordered by Burlingame to the east and San Andreas Lake to the west. Built in 1939, Taylor Middle School was originally named Millbrae Elementary School and converted to a middle school in the late 1940's. With its Spanish mission architecture, Taylor Middle School has a charming appeal that proudly serves as a landmark in the Millbrae community. In honor of Taylor Middle School's 75th anniversary in 2015, a documentary was made by several community members that can be found in Taylor's website.

Taylor serves sixth through eighth grades and enjoys a diverse population of 713 students. The staff at Taylor Middle School is dedicated to a quality education for all students. Aligned to the district's mission and vision, Taylor prioritizes equity and rigor as the cornerstone of teaching and learning. The staff at Taylor are focused on providing standards-based instruction that will prepare the whole child for high school and beyond. In addition, we encourage our teachers to utilize common, formative assessments tied to the standards as a measure of their student's progress. Our curriculum is designed to meet the needs of our students. For our sixth graders, we provide a gradual, nurturing transition to middle school life with a two-period core program consisting of English and social studies and another core consisting of science and math. In addition to these two cores, students also are enrolled in PE, and an explorative "wheel" class which includes academic technology, computer science, architecture, literature courses, and music and orchestra.

Our seventh grade program provides a two-period English and social studies core that gradually prepares students for the eighth grade program. Seventh graders take science, PE, mathematics, and an elective class. Our eighth grade program offers one period of English, United States history, science and math. All eighth graders take PE, as well as one elective class. Taylor Middle School offers a rich elective program that includes, Art, Drama, Leadership, Music, and Spanish.

This year, Taylor revised its traditional bell schedule to a modified block schedule which affords us the ability to add two advisory periods on Thursday and Friday afternoons. Currently, the work done in advisory is devoted to SEL or social/emotional learning. Our vision is to move towards a Response to Intervention model, or RtI model where intervention is offered for students not meeting the standard or extension for students who have met the standard. All of this work is framed by our district's LCAP goals that promote the common core, multiple tiered support for all students, and the making and sustaining of community relationships and partnerships.

2021-22 School Overview

Taylor has had a strong and intentional focus on the development of the Positive Behavioral Interventions and Support (PBIS) program. Student expectations, classroom and school-wide reinforcements, and the inclusion of the students in highlighting classroom expectations. Our staff is committed to continuous learning in a highly collaborative environment. Weekly time is devoted to this collaborative process that focuses on best practices in teaching and learning. All of this work is framed by our district's LCAP goals that promote the common core, multiple tiered support for all students, and the making and sustaining of community relationships and partnerships.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

As Taylor Middle School has entered and continues to work within a professional environment where academic departments are updating all curriculum and curriculum instructional materials to address the relatively new ELA/ELD and Math curricula, the adopted framework of the New Generation Science Curriculum, the proposed Framework for the History-Social Sciences, and local adoptions in the areas of Health and Spanish, discussions are rich around the core curriculum instructional materials to be selected, supplementary materials, and the format (digital, print, and/or interactive) these materials will take. For more information on our curriculum materials, please refer to the Taylor website and click on the curriculum tab.

School Facility Conditions and Planned Improvements

Taylor Middle School was built in 1939. It has had a wide range of uses throughout its history, and it has been an integral part of the community's educational, as well as social activities. Despite its age, Taylor continues to be well-maintained and meet the standards as set forth in the The Facility Inspection Tool (FIT) developed by the Office of Public School Construction to determine if a school facility is in "good repair" as defined by Education Code (EC) Section 17002(d)(1) and to rate the facility pursuant to EC Section 17002(d)(2).

Our district and site custodial staff are dedicated to keeping every classroom clean and that restrooms meet strict hygiene standards on a daily basis. As a result of Measure X passed in 2009 and Measure N passed in 2012, the school had numerous improvements made to classrooms, bathrooms and walkways in compliance with ADA (American Disability Act). The existing cafeteria was demolished in 2012 and a significantly larger state-of-the-art cafeteria has been built. The new building was named the Caroline Shea center after a Taylor staff member that passed away several years ago This building accommodates over 1,500 students and serves as a cafeteria and meal preparation site for the school district.

Recent facility improvements include a new digital message board that was installed to inform parents and community members about events and important school information. New blinds were installed in all of the classrooms along with new LCD monitors to replace the projection systems in each classroom. The north exterior wall of the gym was treated and resealed to prevent water intrusion. The exterior lighting was replaced with LED to improve visibility and safety at night. All the air filters throughout the campus were upgraded to Merv 13 filters exceeding CDPH recommendations.

In 2018 the Millbrae Elementary School District engaged with School Works to develop a Facilities Master Plan. This plan includes adding security fencing around the campus, adding security cameras throughout the campus, and improving the drop off and pick up by redesigning the current parking lot.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Taylor Middle School is committed to continuous improvement. Building positive relationships with all of our educational partners is a priority. We recognize that to do so we must have transparent and timely communication. The Taylor administrative team is dedicated to weekly communication to our families and staff. While we experienced many technological hurdles at the start of the school year, we hope that our community now values this regular communication between school and home. Our website was updated this school year and is organized, user friendly and contains a wealth of information and resources, including a running record of all communications sent since the beginning of the school year. This can be accessed under the Families tab/principals' communication tab. We also host regular "Coffee with the Principals," those meetings are all listed on our website. We are fortunate to have many parents who volunteer to serve our school on various committees including our School Site Council, English Language Advisory Committee and more.

Taylor Middle School has an active PTA that coordinates voluntary activities including appreciation events, community building events, fundraisers for classroom expenditures and larger school projects. PTA also helps to maintain a culture of support for our teachers and staff. Parents provide luncheons and special events for faculty and staff, as well as a variety of assemblies for students each year to support Taylor's educational programs. Our PTA parents also volunteer as chaperones on field trips and the eighth grade promotion picnic and dance. While many of these events have been affected by Covid during the last two years, we look forward to getting back to these events in the near future.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Emergency preparedness is a high priority at Taylor School. In collaboration with the San Mateo County Office of Education, the San Mateo Big Five Program, the San Mateo Sheriff Department and the Millbrae Fire Department, the School Site Council revised and implemented a new School Safety Plan that provides updated emergency responses and procedures that are standard across this county. We follow all of the county safety guidelines. All students and staff review emergency procedures before a drill. Staff debriefs with local agencies on a regular basis. The Millbrae School District has a Memorandum of Understanding with the San Mateo County Sheriff's Department. Both agencies work closely together to ensure student safety. The school grounds are monitored 30 minutes before and after school by administrators or designated staff. Students learn rules for conduct to create a safe environment and those are reinforced through production videos and PSAs that educate the school community about how to act and respond in all areas of the campus. Teachers regularly review the rules for safe, responsible behavior in school and in areas of the campus through the establishment and delivery of the BARK Code of Conduct that asks students to Be Safe, Act Responsibly, to Respect all people, property, and ideas, and Kindness Counts. Visitors must sign in at the office, where they receive a bright badge to wear throughout their stay. The school has an auto dial system that, in case of emergency, instantly phones parents with the most current information. The Millbrae community supports the school's effort to address safety for families. The San Mateo Sheriff Department has assigned a School Resource Officer to the Taylor campus that provides excellent support for our school. In addition, the Captain has authorized deputies and other staff to assist with our drop-off and pick up zones.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	20	12	18	
Mathematics	23	6	19	
Science	25	4	17	2
Social Science	23	7	18

State			\$8,444	\$82,431
Percent Difference - School Site and State	N/A	N/A	-50.2	1.4

2020-21 Types of Services Funded

State Lottery funds are used to purchase our support curriculum, instructional materials and web based programs. We use Federal English Language Acquisition Program funds to pay for a part-time English language coordinator and LCFF Supplemental Funds for a teacher to instruct the newcomers in an intensive English Language Development (ELD) class. The district Technology Plan allows for a shift of technology purchasing away from the school site and on to a district budget line item, and the appropriate infrastructure for deploying 21st century educational technologies is supported through district office resources.

Professional Development

During the school year, our teachers attended various professional workshops. Teachers continued to learn how to implement the CCSS Math and ELA, and a variety of other curriculum support programs and best practices. Professional development has also emphasized the establishment of curriculum maps and pacing guides for all core subjects as all departments investigate, collaborate around, and formalize curriculum pacing guides that assign fidelity to the curriculum. The Millbrae School District professional development consists of two full days during the school year. The focus is on our newly adopted Social Emotional Learning program and student wellness. Every Wednesday is shortened by an hour in order to allow time for teachers to collaborate on school wide topics. Our professional development continues to include an emphasis on the delivery of the BARK code of conduct inside and outside of the classroom and we seek professional learning experiences that as well maintain and improve our staff wellness.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
