## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Green Hills is a warm and nurturing school community. Staff, parents, students, and community members work together to provide a diverse group of 331 students the best possible educational experience. While we have experienced a slight decrease in enrollment due to families moving out of the area, there continues to be high public interest toward enrolling in our school. Although we have consistently demonstrated high performance on standardized testing and annual report cards, our community is especially proud of the exceptional accomplishments of the students developing as whole individuals, with sense of school and community pride. We have a dynamic staff dedicated to the achievement of all students. We have a strong and active parent community who enrich the school program by volunteering time to provide supplemental math and science programming. Green Hills is a school where everyone works towards meeting the expectations of a rigorous school program despite the budget and financial challenges the district has faced in recent years.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

Green Hills was built in 1949 and was remodeled in 1990. A computer lab was first established through the generous donations to the school's PTA in 2001 and upgraded with current technology in Spring 2008. Additionally, classroom teachers received computers and use them for email communication with colleagues and parents, data entry and assessment, researching, and word processing. The school is equipped with wireless Internet throughout the campus, classrooms are equipped with large portable TV monitors with Apple TV and document cameras. Asphalt repairs were made to keep the yard and walkways safe. The school's custodians and district maintenance crew have set a goal of keeping every classroom and restroom clean and safe. During the summer of 2011, the school received major upgrades that made the campus ADA compliant, including a remodeled driveway with handicap accessibility to the main office and classrooms. The fire alarm system was replaced, along with new roofing and conduits on all buildings. This was made possible with money from the Measure X bond passed in May 2009. The upper and lower fields were renovated, and a new play structure was built on the yard. During the summer of 2013, the school completed the second phase of facilities modernization work made possible by Measure N school facilities funds. Highlights from this modernization work included: ADA accessible path-of-travel, ADA staff and student restrooms, ADA doors, frames & hardware, ADA reception and library check-out counters, wheelchair lifts, HVAC upgrades, fire alarm system upgrades, Local Area Network (LAN) upgrades, wireless capabilities and wireless thermostats. Recent facility improvements include a new outdoor shade structure for students to eat and play protected from the sun and rain. A portable classroom room was added to increase classroom/office space needs. The MUR had minor upgrades including new fire retardant stage drapes. The exterior lighting was replaced and improved to LED to improve visibility and safety at night. All the air filters throughout the campus were upgraded to Merv 13 filters exceeding the CDPH recommendations.

In 2018 the Millbrae Elementary School District engaged with School Works to develop a Facilities Master Plan. This plan includes the replacement of the pavement in the playground area, replacement of the HVAC/MAU system in the MPR, and replacing portable buildings with a new modular lab/specialty building.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Green Hills School enjoys a history of positive relationships among schools, parents, and community members through open communication and shared decision-making. Each year, at a school board meeting Green Hills reports and highlights student activities to show the many positive projects in which children are involved. An active PTA organization coordinates volunteer activities at the school, which include daily classroom volunteers and school events and activities. Some activities are designed as fund-raisers; others are appreciation events or community pursuits. The Green Hills PTA actively supports educational programs by sponsoring our Annual Fund. This direct ask sponsors 100% of our school supplies, field trip costs, technology enhancement, music assemblies, and a additional family and community activities. Decision-making is shared at our school. There are advisory groups that meet throughout the school year, including the ELAC and the SSC. During transitional kindergarten through fifth grade parent conferences, teachers inform parents of their children's academic, social, and behavioral progress. Informal conferences can be scheduled throughout the year. Progress reports are sent to parents when children are experiencing academic difficulty. The SST (Student Success Team meeting) which includes teachers, specialists, principal and parents, meets to discuss and plan for support and interventions needed for struggling students. Report cards are issued three times each year. Progress reports are sent home only when needed. Parent education is a high priority in the Millbrae School District. It is important to keep parents well informed about changes in the curriculum. PTA events are planned throughout the year, as well as district parent education programs covering a variety of topics from test-taking strategies to interactive math games and centers. Parents from all schools are invited to attend. Green Hills School provides an online handbook for each student and family outlining expected standards of behavior, a calendar of events for the year, and other essential information. In addition, each school distributes a newsletter to keep parents informed about current and upcoming activities, including PTA and district wide news. Most teachers send frequent or weekly updates on class activities and curriculum themes. Much information is posted on the school's newly remodeled Website and on a signboard in front of the school office. Weekly newsletters and special announcements are sent home via email in order to conserve paper and "go green." Good communication promotes parent involvement and brings a significant amount of parent participation to Green Hills. For more information about becoming involved at our school, please call our principal, Ms. Kerry Dees at (650) 588-6485 or email [kdees@millbraesd.org](mailto:kdees@millbraesd.org).

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

| Subject     | School 2019-20 | District 2019-20 | State 2019-20 |
|-------------|----------------|------------------|---------------|
| Suspensions | 0.27           | 1.82             | 2.45          |
| Expulsions  | 0.00           | 0.00             | 0.05          |

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

Staff monitor the school grounds for 15 minutes before and after school as well as incorporating parent volunteers for recesses and lunch time. Teachers regularly review the rules for safe, responsible behavior in school and on the playground, following the behavior expectations campus wide as outlined and in the PBIS plan. At the beginning of the school year, students participate in a behavior assembly and sign a student rules and safety pledge. Visitors must sign in at the office, where they receive a bright badge to wear throughout their stay. A regular crossing guard and periodic visits by Millbrae sheriff and traffic-control members contribute to the safety of our students, parents, and community members as they come and go from campus. Families are encouraged to walk to school and follow safety rules for crossing streets. Emergency preparedness is a high priority in the Millbrae School District. Each school, in collaboration with the Millbrae Police Department, has developed and implemented a School Safety Plan that provides emergency response and procedures in the event of need. Green Hills School has regular evacuation, lockdown shelter in place, secure campus and earthquake drills along with district wide emergency drills in which local Sheriff and Fire Departments participate. Additionally, Green Hills School has partnered with a local high school, Capuchino High School to ensure that Green Hills staff and students have a safe, and well provisioned facility off site for relocation if the need should ever arise. The Green Hills Safety Plan was last revised in October 2022 and was approved during a school advisory council meeting. The Millbrae School District Parent Handbook is accessible on the school website, and is referred to by the principal at various school meetings.

## 2021-22 Types of Services Funded

State money targeted for particular categories of students paid for the part-time reading teacher in 2021-22. She works with small groups of students who are reading below grade level. This funding also finances the English Language Development (ELD) tutor and a number of required activities associated with the recognized needs of the school's students. One function of the ELD tutor is to provide language intervention push-in support for students who are in the beginning levels of English proficiency. Private donations, grants, and parent fund-raising efforts have supported technology upgrades, classroom supplies, field trips, library books, special assemblies, and a variety of student and family focused activities.

## Professional Development

Our teachers attend 4 days of staff development during the school year. The topics are determined collaboratively by teachers and administrators. Professional development during the year is focused on EL Rise, MTSS and Teach Well (SEL). Teachers are also provided time during faculty meetings to meet, discuss data analysis and student achievement with grade level peers.

This table displays the number of school days dedicated to staff development and continuous improvement.
