2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
<p>The mission of Meadows Elementary School is to support students to achieve high academic standards and to build strong 21st century citizens and learners in a global society. Behind this mission are committed efforts to support the whole child and to provide students with an enriching, challenging and motivating instructional program that stimulates their curiosity about new ideas, encourages them to think creatively and engenders a joy of learning. Our work is fueled by a commitment to prepare all students for responsible citizenship in a global society. These efforts are supported through partnerships and with collaboration amongst staff, students, families, and the community. As educational partners working together for the success of all students, the highest priority is placed upon helping children acquire a love of learning. The school provides a positive and safe learning</p>

environment which facilitates the comprehensive academic experience available to all Meadows Elementary Students.

Our staff is dedicated to providing an academically rigorous curriculum in core instructional areas including English Language Arts, mathematics, social studies, and science. We have identified the areas of English Language Arts and Positive Behavior Interventions and Supports as our focus for differentiated instruction for all students. Diversity is evident in our school. Over one-third of our students are English Learners, and over 16 different languages are spoken in students' homes. We have an English Learner program that emphasizes English immersion and English Language Development (ELD). Students receive instruction from our teachers, all of whom have Cross-cultural Language and Academic Development (CLAD) certification or its equivalent. Students identified as needing assistance receive additional help from their teacher or an instructional aide. We are fortunate to have a PTO that donates a great deal to the school by providing funding for field trips, school assemblies, equipment for the school, and supplies and materials for our classrooms and teachers. The PTO members have committed the time, effort, and resources needed to make our school successful. We value the parental support we enjoy and realize the partnership with parents has been a critical element in Meadows success. We invite you to visit our school and become part of the Meadows community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Construction was started for Meadows School in 1957, and the school opened in the fall of 1958. Several modular buildings were moved onto the campus following class-size reduction in the late 1990s to house the school's library, computer lab, and child care facility. The school was remodeled in 2001, and lighting, heating, teacher work areas, and washrooms were updated. Staff, students and families take pride in our school, and semiannual landscaping and cleanup projects keep the school grounds attractive and deserving of community pride. A daily custodian works diligently to keep the facilities clean. Additionally, nightly additional custodian completes the cleaning of the building. The crossing guard, safe cross flag program and the school's student safety patrol program have greatly improved the traffic safety in front of our school.

Recent facility improvements include an outdoor shade structure for students to eat and play protected from the sun and rain. New blinds were installed and more than half of the classrooms have been upgraded to new LCD monitors with the remaining classrooms receiving the new LCD monitors by the end of the 23/24 school year. A digital message board was installed to inform parents and community members about events and important school information. The exterior lighting was replaced with LED to improve visibility and safety at night. All the air filters throughout the campus were upgraded to Merv 13 filters exceeding CDPH recommendations. Recently, construction was completed on the kindergarten playground.

Our Facilities Master Plan includes adding security fencing around our campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	73	81	61	62	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement	State Priority: Parental Involvement The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.
---------------	---

2024-25 Opportunities for Parental Involvement
<p>Meadows collaborates as a community of parents, teachers, and administrators to support our students. Parental engagement is evident across our campus. Parents regularly attend parent-teacher conferences, Back-to-School Night, Open House, the Annual MEF Gala and parent education workshops. Once a month there is a Principal Coffee Chat designed to foster ongoing dialogue between community members and school leadership. Meadows School has a very active Parent Teacher Organization (PTO), Room Parent Program, School Site Council (SSC), and English Language Advisory Committee (ELAC). Teachers engage parents in volunteer opportunities such as field trips, class projects, and school-wide events. Volunteers help in the classroom with small groups of students and volunteer in the STEAM lab and Reading Nook.</p> <p>In addition, parents help with yard duty, and a variety of special projects such as Art in Action. There are also opportunities for parents to become involved in district level committees as Meadows representatives. These opportunities include formal groups such as the Millbrae Education Foundation (MEF) and the District English Language Advisory Committee (DELAC).</p>

2024-25 School Safety Plan

The school’s Safety Plan is updated regularly in collaboration with administration, faculty, staff, and parents. Teachers regularly review the rules for safe, responsible behavior in school and on the playground. In addition, playgrounds are supervised and students are explicitly taught positive behaviors within our Positive Behavioral Intervention and Supports (PBIS) program to

create a safe environment. A student safety patrol program is implemented to provide a safe school arrival and dismissal for our families. Visitors must sign in at the office, where they receive a badge to wear throughout their stay.

Emergency preparedness is a high priority in the Millbrae School District. Each school, in collaboration with the San Mateo County Sheriff's Office, the San Mateo County Office of Education, and the County Fire Department, has developed and implemented a School Safety Plan that provides emergency response and procedures in the event of need. The School Safety Plan is reflective of the San Mateo County Big Five Emergency Responses including Lockdown/Barricade, Evacuation, Drop, Cover and Hold On, Secure Campus, and Shelter in Place. Meadows School has regular emergency drills that provide students and staff the opportunity to practice the big five emergency responses. Additionally, small group input and review of safety protocols are discussed each month at cross sectional team meetings and reviewed each month at faculty meetings. Each classroom has an emergency safety kit containing basic first aid supplies and student emergency contact information. Additionally, the district has trained staff in the safe use and disposal of EpiPens, AED machines, and CPR to facilitate quick and appropriate responses to emergencies. Meadows School has three AED machines as well as a set of stock EpiPens on site. The Millbrae community supports the school's effort to address safety for families. The community focuses on public safety through the offering of free Community Emergency Response Team (CERT) Training. Two staff people have completed the free CERT training available through the Millbrae Community.

Professional Development

Meadows Elementary teachers attend professional development meetings throughout the school year. Meadows Professional Learning Teams (PLT) are devoted to unpacking Essential Standards and Unit Plans aligned to CCSS in English language arts (ELA) science, and math. Additional professional development is being provided by San Mateo County Office of Education for PBIS team, site principal, school psychologist, and school counselor in the area of restorative practices and tier one supportive practices to increase student engagement and belonging.

The staff has a minimum day on Wednesdays to provide for teacher collaboration within their Professional Learning Teams to unpack and identify essential standards. In addition, during monthly staff meetings professional development focuses on Tier 1 best practices for classroom instruction. Cross sectional site teams meet once a month during this time as well. Additionally, staff have three district wide professional development days during the course of the school year.

This table displays the number of school days dedicated to staff development and continuous improvement.
